The market is very dull, but little progress being brought to bear. Prices remain steady without change.

A horrible effluvia from the bodies of the dead fills certain quarters of the city.

There are abundant signs of a speedy end to the pestilence in the city.

Blackwood's Edinburgh Magazine.

THESE periodicals are the medium through which the greatest intellects of Great Britain and Ireland, are constantly brought into more or less intimate communication with the world of readers. History, Biography, Science, Philosophy, Art, Religion, the great political questions of the past and of today, are treated in a manner as the learned alone can treat them. No one who would keep pace with the times, and be abreast of the progress of the world, can afford to neglect these periodicals.

Of all the circulating libraries found the foremost place.

CONCENTRATED LYE.

A MONITOR the many imitations of this celebrated article is one by a Frenchman in Montreal, for which he has been awarded the name Extract of Soap and Lye.

By the way, perhaps he can tell us as to what Extract of Soap is. Well this imitation, whose ideas of Soap and Lye are so much at variance with the reputation of an old established house, of which, by a strange coincidence of Providence, he has got the name, is a palming off his Extract on the public for the sake of the money.

For the sake of the money, the subscriber's address stamped on each tin. For sale by all the leading Druggists and Grocers throughout the Dominion.

Paris, June 1.—The French Republics are greatly divided in sentiment as to the future of the country.

The 'L'opinion' (the 'L'opinion) is not 'for' the continuance of the Republic. The 'Temps', 'National' and 'Patrie' are very much in favor of the Republic.

The 'Opinion' (the 'Opinion') is not 'for' the Republic. The 'Temps', 'National' and 'Patrie' are very much in favor of the Republic.

CONCENTRATED LYE.

AMONGST the many imitations of this concentrated article is one by a Druggist in Montreal, for which he has borrowed the name of Concentrated Lye, and by this means, he has endeavored to sell his inferior article as the genuine.

It is to be regretted that the public have been misled by this cheap imitation, and that the reputation of an old established house, of which, by a strange arrangement of Providence, he has got the management, is paining the eye of the public in place of the genuine. Purchasers will notice that the "genuine" has the subscriber's address stamped on each tin. For sale by all the leading Druggists and Grocers throughout the Dominion.

BEHAVIOR, TUESDAY, JUNE 6.

TO CORRESPONDENTS: A second letter from "A Catholic" is crowded out.

I. P. B.—Regular monthly meeting of this Society at the Marble Hall tomorrow evening, at 8 o'clock.

SCHOOL TREASURER.—A regular meeting of the board of Common School Trustees will be held in the Town Hall at 7 o'clock this evening.

EXOTIC MAIL.—The Canadian steamer are running with wonderful regularity. Another English mail arrived here this morning.

REMEMBER.—Free entertainment of music, readings and addresses by the Workmen's Temperance Association, at the Marble Hall, to-night.

"LO-BOLLENS."—A good deal of this at present being done by the river drivers who are busy breaking up the immense jam of saw-logs, &c., which exists between the two bridges in town.

EXTRA STEAMER.—The steamer *Perseus* of the Atlantic line, will be dispatched from Quebec on Tuesday, the 13th inst., as an extra steamer, the *Cyprian* taking her place for the regular trip on Saturday, the 17th June.

MR. G. E. CARTER.—About forty of the principal citizens of Beausabre proceeded to Friday to the residence of the Hon. Sir G. E. Carter, and offered him the candidature for that county. The interview was a most cordial one, and the offer was accepted.

GYMNASTIC.—The promised exhibition by the G. Goodwin and pupils, came off last night at the Victoria Gymnasium. Many of the acts were well performed and elicited a good deal of applause. The music furnished by the band was as usual, excellent.

STREET WATERING.—The Street Committee, prompted by report to the Council last night, to have the streets watered, and the streets officially performed within a few days. We are glad to have this announcement, as the days are long, the dust light and plentiful, the winds strong, all of which tries one's patience.

KINGSTON AND PEMBROKE RAILWAY.—The By-law granting a bonus of \$300,000 to aid of the Kingston and Pembroke Railway was voted upon by the people on the 5th and carried by a large majority. The interest was taken in the matter. At 8 o'clock 400 votes were recorded for the By-law, and only four against it.

ACCOMMODATION TRAIN.—The train facilities on the Grand Trunk have been greatly improved by the operation of the summer arrangements, which have just come into force. The accommodation train for the East, which leaves here at 7 o'clock a.m., affords good opportunities for those wishing to visit way stations to do so at an earlier hour than heretofore.

COL. GOV'S LIEB CASE.—The law's delays and disappointments are exemplified in the celebrated libel case of Col. Goggy, which has been before the Quebec Court for many years. He succeeded at last in obtaining \$17,000 damages, but the verdict has been reversed by the Court of Review.

NAPAPET RACES.—A large number of holiday-makers went to Napapet to-day to attend the races. The 15th Battalion band, engaged to play on the course, also took conveyances for our neighboring town. The sport was expected to be good, as Mr. Yates had, after declaring the \$1,000 purse not filled, received sufficient interest to make a race. Great interest was centered in this event.

FLOODS IN NEW ORLEANS.—Despatches from New Orleans represent that heavy rains and crevasses in canals have transformed New Orleans into a lake. In the heart of the city there is an unbroken street of water, covering an area of five or six miles. Thousands of people are being compelled to move away, and they are suffering greatly from lack of shelter and provisions. The market gardens on the lake side of the city have been destroyed.

ated, and the loss cannot be estimated yet. The railroads leading into the city are also flooded for miles. The water, however, is abating.

THE MEETING.—The Christ Church in meeting takes place to-night in the Masonic Hall, where a pleasing entertainment will doubtless be offered. A large number of ladies are expected to be present, and the Rev. gentleman who has lately assumed the incumbency. The closing of the meeting of the W.T.A. to this meeting is unfortunate for the interests of both.

AUTUMN.—At the meeting of the Town Council, Dr. Hope, by advice of a well known machinist present, made a statement that the "Holly" system of water works had been partially introduced in Syracuse and failed. Mr. Henderson contradicted this as incorrect, when the party who had been over-riding the Dr. jumped excitedly to his feet and offered a bet of \$50 that he was correct. The account that followed can be better imagined than described. Laughter was the prevailing feature of it, however.

KILLED.—On Monday afternoon, the 4th inst., says the *Toronto Telegraph*, as a Grand Trunk freight train was coming from the east, it was struck by a horse-drawn wagon, an accident which cost the life of a brakeman, named William Coyne, lost his life in a very sudden manner. It seems that he was standing on one of the cars when he came in contact with a bridge and the back of his head was smashed in a fearful manner. One of the brakemen in going up on top of the cars to put on the brakes, saw the Don Station, saw Coyne lying on his face on the top of the car, and on going up to him, found that he was insensible and nearly dead. The unfortunate man lived till the train arrived at Union Station, where he breathed his last. Deceased was a Scotchman, and had no friends in this country. He has been for the last two months living in Toronto, but previous to that time he had been in Belleville. He was a man about twenty-five or thirty years of age, and of sober and industrious habits.

Town Council.

MONDAY, JUNE 6.

The Council met at the appointed hour. Present:—His Worship the Mayor, Messrs. Henderson, Lewis, Smith, Hope, Fahy, Pilot, Ball, Vandusen, Patterson, Reid and Foster.

The minutes of the preceding session were read and approved.

PETITIONS.

Were received from the following persons:

From the Directors of the West Hastings Agricultural Society, for aid to assist in purchasing land for Agricultural show grounds, and for the erection of suitable buildings thereon.

From laborers on the streets for an increase in their daily wages.

From M. L. Williams for the transfer of a vacant lot, held by the late L. J. Williams.

From John W. Diamond, requesting the Council to remove debris caused by construction of a drain on his property, and claiming damage for stone removed.

From J. A. C. Moore, praying that damages on ground used as a rifle range be rescinded, the same having been leased for government purposes.

A number of accounts were presented, which, with the petitions, were referred to their appropriate committees.

Midnight Despatches.

VENEZUELA, June 5.—The Assembly to-day presented an animated appearance. Many nobles occupied seats on the floor, and the galleries were crowded with spectators in anticipation of the debate of the right of the Orleanes Prince to state in the House. Among the distinguished persons present were Prince Metternich, and nearly all the members of the diplomatic corps. There came to more postponement of the discussion. He said he had passed hours in consultation with the members of the committee having in charge the subject which now engaged the attention of the Assembly. The committee had acknowledged to him that it was impossible for them to come to any agreement to-day, and he had requested them not to hasten their deliberations. He stated that he was very well, and begged that the Assembly would consent to a postponement of the consideration of the grave question at issue until Thursday. The committee, he said, favored a simultaneous decision on the verification of the elections of the Orleanes Prince, and of the abrogation of the laws of exile against them. The Assembly agreed to an adjournment of the debate.

PARIS, evening, June 5.—Belleville, La Vilette, and Montmartre are still patrolled day and night.

The Deputies in the Assembly from the departments, occupied by the German troops, were to move that the disquieting debate in regard to the position of the Orleanes Prince be postponed until the conclusion of a loan and the payment of the war indemnity has freed the country from the Germans.

An address to the Pope is circulating in the Province. It expresses the hope that regulated France will soon send an avenger to the Holy Father. The document is freely signed.

The prisoners at St. Sulpire underwent on Sunday to get possession of some arms. The attempt was discovered and frustrated. Several of the soldiers who shot the prisoners were arrested and immediately sent to Versailles.

There is a rumor which has not yet been confirmed, that Felix Pyat was arrested in Paris to-day.

Federalist Lieut. Col. Bourcier complained allude to-day, just as he was about to be arrested.

There was a serious fire in the Montmartre quarter last night, which is suspected to have been caused by a petroleum bomb.

Arrests continue to be made in all parts of the city.

La Liberte has a report that an attempt has been made to assassinate the German Prefect of Strasbourg, who was fired at from a revolver and wounded.

SCHOOL TRUSTEES.

Thursday, June 6.
The Board assembled this evening, pursuant to adjournment.

PRESENT.—Messrs. McAnany, (Chairman), Shepard, Gies, Sawyer, Wenzel, Hunsley and Thomas.

The minutes of last meeting were read and approved.

A petition was read from the teachers to apportion a sum of money for prizes for deserving pupils at the approaching examinations.

Mr. Gies presented the report of the Finance Committee.

The Local Superintendent handed in reports of teachers as to attendance, &c.

Mr. Shepard, on behalf of the Committee appointed to procure plans for a new school house in Baldwin Ward, reported that several meetings had been held; plans had been examined, but no action had been taken, and he wished action to be further deferred, as he was to be absent from the city during the Town Council, the Hospital lot would be acquired by the Board.

The Chairman stated that, regarding the acquisition by the Board of the lot which had been selected as a site for a school house in Baldwin Ward, he had, under the authority of the Board, endeavored to deal with Mr. Shepard Taylor for its purchase. This gentleman held the property to be worth \$3,000, but he was not satisfied to part with it until he was satisfied to part with the lot.

He had become the owner, and he had been appointed an arbitrator by law required, and called upon Mr. Taylor to do so, which he did. The arbitrators met, and made an award that the property was worth \$1,500. He (Mr. McAnany) had not completed the purchase, as he had been approached by influential members of the Town Council, who informed him that it was probable that the Council would procure a hospital site and sell the old hospital lot to the Board for school purposes. The Committee in this matter, of which Mr. Shepard was Chairman, had been the Finance Committee of the Town Council on Monday afternoon, at the instance of members of the Council. At this meeting, the views of the members of the Committee were freely interchanged. Mr. Taylor had given notice of motion to that effect, and had assured him that evening that it would be pressed at the next meeting of the Council, the sentiment of which favored its passage. It was for the Board to see whether they were compelled to purchase of the Taylor lot, or await the action of the Council in the matter of the hospital lot.

The subject was allowed to drop, and await the action of the Council.

The report of the Finance Committee was adopted.

The Superintendent stated that the attendance at the schools had been well kept up, and all were progressing satisfactorily. He also announced that he had not deemed it necessary to qualify under the new school law, as he was qualified under the old law, and it would be the duty of the Board to elect his successor.

Mr. Shepard moved that the application of the teachers for money for procuring prizes for deserving scholars, be referred to the Committee on School Organization, with power to act.

Mr. Sawyer seconded the motion, which was carried.

Mr. Shepard moved that when the Board adjourns, it stand adjourned for two weeks. The reason for making this motion was that the Town Council would have met in the interim, and would have disposed of the matter of the Hospital lot. The Board could then take action, as there should be no further delay in the premises.

A register book was ordered to be procured for school No. 1.

The Board then adjourned until the 20th inst.

Celebrated Extra Machine Oil.

Now used in nearly all the large Eastern and Western oil companies, and given general satisfaction. It is better than any other oil in the market. It is a few from the many testimonials to it.

We have run our large 1400 Iron Pump seven days with our celebrated Stock's Machine Oil. We want nothing better than this oil.

I will run Stock's Oil against any other Oil in the Dominion. I prefer it to any other Oil or Oil or any other oil used in any Machine.

FOR 1871.

It is the best of its kind, and is sold in all the large cities of the world. It is a few from the many testimonials to it.

We have run our large 1400 Iron Pump seven days with our celebrated Stock's Machine Oil. We want nothing better than this oil.

I will run Stock's Oil against any other Oil in the Dominion. I prefer it to any other Oil or Oil or any other oil used in any Machine.

Midnight Despatches.

FRANCE.

PARIS, June 17.—The grand review of one hundred thousand troops appointed for Sunday at Long Champs, has been postponed in consequence of rain which has rendered the ground too heavy for military evolutions.

PARIS, June 18.—The Republican Journals have issued in a manifesto to meet the electoral program put forth by the monarchist press. They declare that the Republic is the only national and legitimate expression of the nation's sovereignty. Monarchy implies the abdication of the people's right to elect their representatives. They will give their support to the candidates who are pledged to maintain this state.

The Verite says that the state of siege will be relaxed on the 30th.

The Duke of Chartres is a candidate for the Assembly in La Vendee.

The Journal de Paris reports that the central committee has been organized under the name of the central committee of the Republic. M. Domergue is president and M. Raymond Thion, vice-president.

Count Bourgeois has been appointed Minister to the Hague.

A number of natives of Switzerland taken prisoners during the last days of the insurrection have been discharged.

It is rumored that Claret is alive and has been arrested.

Crowds of visitors arrive by every train, and business is improving. The city is healthy.

The German troops have evacuated Chantilly.

The Journal Officiel has a strong article showing the portion of the English press for hostility to France. It alludes to their misrepresentations as cold-blooded and unscrupulous.

Some of the writers were bribed during and since the war.

PARIS, June 17.—In the Assembly to-day, M. Ferry defended the non-acceptance of peace on the occasion of his visit to the German headquarters at Metz. He said the reason of the failure of negotiations at that time, was that Bismarck then demanded the revision of Strasbourg, which the Government was not disposed to concede.

M. Ferry urged the Assembly to extend its inquiry into the conduct of the Government who have held power since the 4th of September to the Imperialists, who decided that France should be left to ruin.

THE POPE'S JOURNEY.

ROME, June 17.—The Jubilee of Pope Pius IX was celebrated to-day. Reception at the Vatican followed each other in constant succession from morning till night. Fully three thousand pilgrims from all parts of the world are in the city. The utmost tranquillity prevails. Reception of the diplomatic body will be held on the 17th, 20th and 21st instant.

Thanksgiving Yesterday.

LONDON, Monday morning, June 18.—The Times' special from Paris says the President has evacuated Rome and eight thousand have left St. Denis and Genoa.

Rouher is expected in Paris.

MANNING, June 18.—Manning Moret has tendered his resignation.

There were slight disturbances during the celebration of the Pope's Jubilee.

BRASIL, June 18, (evening).—The troops were entertained yesterday with dinner and dancing everywhere. At the Palace there was a state performance of opera, which was attended through special invitation only. There was a grand display of gorgeous uniform by high military authorities. The civil officers occupied the pit, and the diplomatic corps the promenade boxes. Ladies only occupied the front row, and none except maids of honor the second tier. The Emperor and Empress sat at eight o'clock amid perfect silence. The Emperor and Empress bowed formally thrice. The Crown Princess was constantly surrounded by a large number of admirers. The Emperor, wearing a tiara of diamonds, was seated at the right of the Emperor. There a eulogy was formed behind the throne by the Duchesse and Princess. The box was filled with the Emperor's friends, forming a magnificent spectacle. A prologue was spoken by Frodo in French in praise of Frederick William the Third. An allegorical piece followed, entitled "The Emperor's Coronation," by Robert. At its conclusion the Emperor left the box. The monarchs were given of the Land of Barbaronia, which was illustrated by tableaux vivants, and closed with the resignation of the Emperor on horseback, at which the audience rose and shouted "Rock" thrice, and the waving of brim and great excitement. The Emperor bowed and retired.

To-day is devoted to thanksgiving in all the churches, which are crowded. The national prayer, composed by the high hierarchy, was read in the cathedral, which was splendidly decorated. The Emperor sang the 22nd Psalm, magnificently, when the ceremonies concluded.

American Despatches.

Remains of the Hon. C. L. Vallandigham.

A Murderer Convicted.

DATTON, Ohio, June 18.—The remains of Mr. Vallandigham reached here last evening. Mr. Vallandigham, who is almost crushed by the loss of his husband and brother, reached here this evening by special train. The funeral will take place on Tuesday afternoon, under the direction of the Masses.

ROCHESTER, June 18.—Joseph Messner, indicted for the murder of the wife of a prominent citizen, was found guilty in the first degree. This is Messner's second trial for the crime and the second time he has been found guilty. He will be sentenced on Tuesday next.

FRANCE.

Washington, June 19.

A Very Unlikely Story.

A Paris correspondent says: On May 18 when a body of Communists entered Mr. Wabour's house with the intention of committing depredations, the commander of the Prussian forces to the northward of Paris said that if Wabour was not in person and property and if valuable the city would be bombarded within twenty-four hours. This warning had effect, but Paris was at the mercy of the American Minister, and at his word a thousand guns have opened on the city.

THURSDAY EVENING JUNE 22, 1877

The Horse Plague in New York

The New York *Even* gives the following particulars of the disease which is now prevalent among horses in that city:

"Within a few weeks past an alarming and fatal malady has made its appearance in the stables of some of the city railroads. But some it is pronounced to be the terrible disease known as verminous meningitis, or something thereof possibly, although many veterinary surgeons say that it differs from that disease in some essential requisites. It recently showed itself among the horses of the Second avenue line, where there have been over 130 cases within more than about twelve hours proximo."

"There is no effective remedy for

applied to the horses kept as quiet as possible. It is not contagious. Where there are five horses in a stable, they may be stricken down and the remainder show the slightest signs of the disease, has appeared among the horses of Third and Seventh avenue lines, as well as among the horses of some of the stage lines in some localities it has swept over country as a curse, paralyzing in a day farmer's finest stock. The poor truck driver, too, who is so dependent upon his horse for his livelihood, has not been exempt from the ravages of the epidemic, but a few hours has been obliged to see his horse stricken down helpless and die. A

fine horse, has lost eye. It is reported that another gentleman on Long Island owned many fast trotting horses and already lost six from this disease, valued at \$30,000.

"It may be noticed as a singular coincidence that cerebro-spinal meningitis, though not of a malignant form, is prevalent extensively in many parts of Virginia. A few years ago sixteen persons died from this frightful disease in buffalo country, I, where it appeared in its most virulent form."

The Pacific Railway Survey

The Pacific Railway engineering

Each party is placed under the control of an engineer, whose duty it will be to maintain proper discipline, &c. In the event of a transient man will take charge of the arrangement which will be made for forwarding the supplies, which are to be of the quality, to a general depot near the commencement of each division of the survey. Each exploring party will be designated by a letter of the alphabet, and all articles of equipment, supplies, &c., belonging to the party will be marked with that letter. In conducting the survey, the engineer of each party is expected to be at its head and

and in order to see what obstacles may be in the way, and to determine to the best manner of avoiding them. A pair of light steel climbers will be furnished to each party, in order to enable the engineers in charge to climb a tree or a rock, and to obtain a knowledge of the topography of the surrounding country. As often as possible the engineer is directed to forward to the head office a trace of the plan and the section, showing the amount of work done. The amount of baggage is to be reduced to the smallest weight possible. The following is the list of each man—Two pairs of pants, one coat, three flannel suits, three pairs of

two, or three strong bowls of soup, and a
towel, one brass bowl, and, and
other small articles. The whole pro-
cesses need not excite thirty pounds ex-
pense in special cases. The number of dishes
each party is to be limited to one ride
one double-breasted gun. Engineers
requested to see that the Sabbath is
observed, and a simple form of prayer
recommended for use on that day.—*Gen-

BELLEVILLE, THURSDAY, JUNE 22.

NEWSPICES.—The Dominion Telegraph

Company have opened offices at Guelph

and Port Colborne.

PRESIDENT ELECTION.—The President

election has been declared valid and a new

election will be held.

APPEAL.—The Township Council of

Huntingdon, through its

Emo Esq., has caused the necessary papers

to be served on the County Judge

appealing against the equalization of the County

Council for the present year.

A HEALTHY CONDITION.—The Ottawa

Press has it on reliable authority that

instead of an increase this year of a million

and a half of dollars over the year 1869,

estimated by the Finance Minister, there will

be two millions, or an actual surplus of one

million.

TROTTER MATCH.—A race took place

yesterday afternoon on the Bayview Driving

Park, between Walter Fanning's "Loo-

loo" and Laager's "Buck." The former

was the winner, and the latter lost by

100 yards. "Loo-loo" was the first heat,

and "Butcher's Maid" the other three, thus

winning the race.

STRANGE OCCURRENCE.—A telegram

from New York, June 21st, says: "On

Monday morning about two o'clock the

driver of a canal boat while crossing the

Seven Mile Level between the New York

and Broadway, in Morris County, New

Jersey, heard an unusual rumbling noise,

like muffled thunder, and noticed that the

waters of the canal were disappearing

rapidly. In a short space of time his boat

was left high and dry on the canal bed of

the canal. The water in the canal for a

distance of a mile and a half had disap-

peared in a cavity 40 by 50 feet in width. No

cracks for water had been discovered. It

will probably cost the Canal Company

\$10,000 to defray the expenses of this in-

terruption in their business."

Grand Orange Lodge.

The Grand Orange Lodge of British

America, commenced its annual session

on the 20th inst., at the Grand

Hotel, Mackenzie Bowell, M. P., in the

chairman Mr. D'Arcy Boulton in the deputy

chairman.

There was a large attendance.

The reports show the Institution to be

in a very flourishing condition.

At the Orange demonstration held

on Wednesday night in St. James' Hall,

English Opera.

It is an opinion that Belleville is favoured

by the opportunity of listening to a fine

English Opera, and one that is quite

unlike the people here as well as in

the villages surrounding will appreciate it

by turning out and giving the troupe a full

and hearty reception. The company arrived

Tuesday evening, the 20th inst., and will

perform the following programme:

The first act in a lengthy one-act opera.

"We have seen that those who were

present last evening were much gratified

by the performance. Mr. Bernard's voice

has been of such flexibility and power

which it has been seen when after the

first act he sang in the "The

Kingston Camp.

(From our own Correspondent.)

Kingston, June 21.

General Manager—Arrival of Volunteers.

The formation of Brigade Camps on a

large scale and for a longer period of time

than has heretofore customary, will doubt-

less prove highly beneficial to the

officers and men of the Volunteer Force,

who participate therein. Under the system

of eight days drill there was not sufficient

time given for the learning of the manual

and in order that at least one half of the

force may be better acquainted with the

principles of the manual drill, it is now

proposed to extend the term of the

General, 30,000 men of the Active Militia

are this year to drill for sixteen days.

The advantage, too, of bringing a large force

together at different points cannot be gained.

If circumstances should arise which would

necessitate the defence of the country from

foreign invasion it is certainly desirable that

the Volunteers should be thoroughly

practised in the use of their arms, and

be accustomed to move in large bodies, each

branch of the service in co-operation with

the others, just as they were in the

past. It is not a matter of much

importance to the Volunteers, but it is

convenient to the Government, and it is

performance of the annual target practice

while in camp, and the offering of prizes for

good shooting by the Government, will

also be a great inducement to the

men to make good use of the rifle about

the principal place of the year. A few men

well skilled in the use of the rifle would

be a great asset to the Government, and

the desire to excel is steadily on the

Government in offering prizes for

competition will be a great inducement

to the men to make good use of the

rifle about the principal place of the year.

The staff officers were busily engaged

yesterday and to-day in making final

arrangements for the reception of the force,

and everything is in readiness for the

arrival of the force. The men of the

4th Battalion of the 4th Brigade are

expected to arrive here to-morrow, and

will be quartered at the Hotel. The

FRANCE.

VERSAILLER, June 21.—The speech of M. Thiers has produced an excellent impression in consequence of the discussion of the financial statement and the announcement that 300,000,000 of francs would be spent annually for the sinking fund.

It is anticipated that the French loan will be a complete success.

It is proposed to have bonds loaned for the delivery of the country, placed in all cities, churches, stations and houses. The contributions thereto is to be devoted to the payment of the war indemnity.

M. Ferry, in a circular to the representatives of France abroad, expresses the profound gratitude of the Government for services rendered by Count Hareld, President of the Society for aid to the wounded.

M. Thiers refuses to permit the re-appearance of the People's Phosphors, one of the journals suppressed by the Government before the inauguration.

The trial of Rochefort will commence on Monday next. The trial of Rosetti and Lott will immediately follow. The court martial before which these cases come for trial will sit in the Palace of Justice at Versailles.

GREAT BRITAIN.

LONDON, June 21.—The little ship, City of Naples, from New York bound to Liverpool, was spoken (no date) in latitude 45° longitude 21°.

The steamship Collingwood, from Liverpool for Bombay has perished with all hands on board—30 in number.

LONDON, June 21.—The census of England, Wales and Ireland is completed. The population of England and Wales is officially stated at about 22,700,000, and that of Ireland at about 4,600,000.

The Very Latest.

DESPATCHES TO 4 P. M.

LONDON, June 21.—The Post says: There is an understanding between the Governments of Germany, Austria and Prussia, for the preservation of peace in Europe.

The Court of Paris will have England for Paris on Friday, and will subsequently, in company with the Duke of Anjou and Prince de Joinville, pay a visit to the Coast de Cherbourg.

—The Kingston (W.I.) says it is not the Colorado Potato Bug which is devastating the gardens of that city, but a smaller bug, which, however, is not doing much injury.

—Belleville has been doing very well, and 400 miles from the land. Their buoyancy is great, and the muscular effort of flying must be small, while the wind drives them rapidly over great distances.

—The sugar interest of Louisiana, which was almost annihilated during the war, is again rising in prominence. In 1861 the yield was 40,000 bbls. In 1862 it was 100,000 bbls. but 6,000 bbls. and from that time it gradually rose until in 1869 it was 87,000. This year's crop is expected to be about 100,000 bbls, which is more than an average yield.

From an address issued by the Mayor of New York, a few days ago, we ascertain a few interesting facts. New Yorkers draw themselves each year to the extent of two millions of dollars worth, drink ten million pounds of coffee, and twenty-one million pounds of tea, sweetened by sixty million pounds of sugar.

Midnight Despatches.

Paris, June 23.—A letter from Louis Blanc is published, denouncing the late Republican party, whose a force, must become a power.

The letter reports that a violent quarrel took place yesterday on the boulevard between the Republicans and a party of French officers.

In consequence of the affair Marshal MacMahon has requested the President to remove his officers from entering the city. The stringency of the passport system has been increased.

Paris, formerly Prefect of Police and Secretary to the Emperor Napoleon, is expected to return to Paris.

France has presented to each of the regiments of the army a copy of the history of the revolution in 40 volumes.

The President announces that the elections for the Chamber will be held on the 18th of July.

Marshall MacMahon has issued an order authorizing the former regulations permitting the sale of indemnities. By the new order the latter are forbidden to keep on hand at one time over 200 livres of material. All persons who display this material will be tried by court martial. Manufacturers and dealers in arms and ammunition are also required to submit to restrictions upon the fabrication and sale of these articles.

The French mail service for India and China will be re-established in July, leaving Marseilles once a fortnight on Sundays.

Imperial Parliament.

Proceedings of the House of Commons.

London, June 23.—In the House of Commons today two bills relative to the Royal prerogative. One was a proposition to build a new member public road through the grounds and by the side of Buckingham Palace. The other was a proposition to sell unoccupied palaces, such as St. James' and Hampton Court, and apply the proceeds to the reduction of the public debt. Both were rejected. Mr. Gladstone and the Whigs members were conspicuous in their devotion to the Crown, and their antagonism to the measure proposed.

Morning Despatches.

Reported Difficulty between Germany and England.

Germany Wants to Buy Heligoland and England Won't Sell.

Topic of the Despatches on the Subject.

New York, June 23.—The Herald's despatch from Berlin says: A serious complication has arisen between Germany and England, and severe despatches are passing between Berlin and London. The German Government has made a formal proposal to the British Government to purchase the island of Heligoland. The British Government has refused the proposal, and the German Government has threatened to use force to obtain the island. The British Government has replied that it will not surrender the island to Germany, and that it will use force to defend it. The German Government has threatened to use force to obtain the island, and the British Government has replied that it will use force to defend it. The German Government has threatened to use force to obtain the island, and the British Government has replied that it will use force to defend it.

American Despatches.

Chicago, June 23.—At Stone Lake, Indiana yesterday, Adèle Dwight was shot and instantly killed by Chas. S. Sarno for refusing to marry him. Sarno subsequently shot himself, and is expected to survive.

New white wheat was sold at the Board of Trade here today which was harvested at Deoria.

New York, June 23.—A terrible tragedy occurred on Tuesday on a barbed island, which situated between Coney Island and Far Rockaway, Long Island. A schooner named "The Ryder," of Baltimore, while sailing past this island, headed for water. Upon gaining the beach, Ryder was nearly killed by the waves, which he landed his time in a terrible manner, but Ryder nearly drowned. In regaining his ship, when he was nearly drowned, he was rescued by a boat from the beach, and was taken to the shore. Afternoon Despatches.

The Very Latest.

DESPATCHES TO 4 P. M.

Paris, June 24.—The Orleans Press will not return to their article in the "Gazette" of the President has requested the Department of the Interior.

It is reported that the trial of Amy, Rose and Rochefort has been postponed in consequence of the discovery of papers containing additional evidence.

Gambetta declines to run for the Assembly because he says the present Chamber is an illegal body.

A letter is published from Baron Haussmann in which he promises to accept the decision of the court as to the future form of Government.

CONCENTRATED LYE.

Amongst the many imitations of this cele-

brated article is one by a Druggist in Mon-

real, for which he has borrowed the name

Extract of Soap—and by this, perhaps

the most common of all, he has deceived

many a housewife. Well, this individual,

who has, has got the bump of imitation

so largely developed, that he has tried his

hand on the majority of popular articles

which have been brought out for the last few

years. This imitator, this borrower of other

people's names, has the reputation of an old

established house, of which, by a strange

coincidence, the name is the same as the

management, is passing off his Extract on

the public in place of the genuine. Pur-

chase will notice that the "genuine" has
